FAST-DRYING CEMENT SCREED
& REPAIR MORTAR IN ONE PRODUCT

BUILDING TRUST

SikaEmaco® T 800 DUO

MULTIFUNCTIONAL, MULTIPURPOSE AND
OUTSTANDING WORKABILITY

SikaEmaco® T 800 DUO is an innovative 2-in-1 solution. “DUO” means the product can be prepared for two different applications. Its consistency is adjustable: depending on the amount of gauging water used, it can be mixed either to an earth-moist, non-sag consistency or to a flowable consistency.

APPLICATIONS

Repair and reprofiling mortar for structural repairs on horizontal surfaces, with layer thicknesses from 10 to 100 mm

Reprofiling of break-outs and irregularities in concrete floors

Use as a flowable screed for levelling thicknesses above 10 mm in bonded systems or above 40 mm on insulating layers

Levelling work in residential, commercial, and industrial applications, including applications with slope

OUTSTANDING WORKABILITY

Easy to apply in all consistencies, from earth-moist to flowable by adjusting water quantity

Pumpable in the fluid consistency, allows large scale floor levelling applications

PACKAGING

25 kg bag (42 bags per pallet)

COLOR

Grey

ADVANTAGES AND BENEFITS

A GLOBAL COMPANY BUT LOCAL PARTNER

WE ARE SIKA

Sika is a specialty chemicals company with a globally leading position in the development and production of systems and products for bonding, sealing, damping, reinforcing, and protection in the building sector and industrial manufacturing. Sika has subsidiaries around the world and produces innovative technologies for customers worldwide. In doing so, it plays a crucial role in enabling the transformation of the construction and transportation sector toward greater environmental compatibility.

Any product name or reference reflects the Sika product name at the time of creation of this document and may differ from the product name or reference during past events.

Our most current General Sales Conditions shall apply.
Please consult the most current local Product Data Sheet prior to any use.
