Print Date 03.04.2025

### SECTION 1: Identification of the substance/mixture and of the company/undertaking

#### **1.1 Product identifier**

Trade name

: Icosit<sup>®</sup> KC 340/65 Part A

### 1.2 Relevant identified uses of the substance or mixture and uses advised against

Product use

: Technical casting compounds, For professional users only.

### 1.3 Details of the supplier of the safety data sheet

| Company name of supplier | : | Sika Norge AS            |
|--------------------------|---|--------------------------|
|                          |   | Sanitetsveien 1          |
|                          |   | 2013 Skjetten            |
| Telephone                | : | +47 67 06 79 00          |
| E-mail address of person | : | kundeservice@no.sika.com |
| responsible for the SDS  |   |                          |

### **1.4 Emergency telephone number**

Giftinformasjonen: 22 59 13 00

### **SECTION 2: Hazards identification**

#### 2.1 Classification of the substance or mixture

| Classification (REGULATION (EC) No 1272/2008) |  |
|-----------------------------------------------|--|
|-----------------------------------------------|--|

Skin sensitisation, Category 1

H317: May cause an allergic skin reaction.

Long-term (chronic) aquatic hazard, Category 2

H411: Toxic to aquatic life with long lasting effects.

### 2.2 Label elements

| Labelling (REGULATION (EC) No 1272/2008) |   |                    |                                                                                          |  |
|------------------------------------------|---|--------------------|------------------------------------------------------------------------------------------|--|
| Hazard pictograms                        | : |                    |                                                                                          |  |
| Signal word                              | : | Warning            |                                                                                          |  |
| Hazard statements                        | : | H317<br>H411       | May cause an allergic skin reaction.<br>Toxic to aquatic life with long lasting effects. |  |
| Precautionary statements                 | : | Prevention<br>P261 | Avoid breathing mist or vapours.                                                         |  |

#### Hazardous components which must be listed on the label:

6-methyl-2,4-bis(methylthio)phenylene-1,3-diamine 4-morpholinecarbaldehyde

#### 2.3 Other hazards

This substance/mixture contains no components considered to be either persistent, bioaccumulative and toxic (PBT), or very persistent and very bioaccumulative (vPvB) at levels of 0.1% or higher.

Ecological information: The substance/mixture does not contain components considered to have endocrine disrupting properties according to REACH Article 57(f) or Commission Delegated regulation (EU) 2017/2100 or Commission Regulation (EU) 2018/605 at levels of 0.1% or higher.

Toxicological information: The substance/mixture does not contain components considered to have endocrine disrupting properties according to REACH Article 57(f) or Commission Delegated regulation (EU) 2017/2100 or Commission Regulation (EU) 2018/605 at levels of 0.1% or higher.

### **SECTION 6: Accidental release measures**

### 6.1 Personal precautions, protective equipment and emergency procedures

| Personal precautions | : | Use personal protective equipment.<br>Deny access to unprotected persons. |
|----------------------|---|---------------------------------------------------------------------------|
|                      |   |                                                                           |

#### **6.2 Environmental precautions**

| Environmental precautions | : | Do not flush into surface water or sanitary sewer system.<br>If the product contaminates rivers and lakes or drains inform |
|---------------------------|---|----------------------------------------------------------------------------------------------------------------------------|
|                           |   | respective authorities.                                                                                                    |

### 6.3 Methods and material for containment and cleaning up

Methods for cleaning up : Soak up with inert absorbent material (e.g. sand, silica gel, acid binder, universal binder, sawdust). Keep in suitable, closed containers for disposal.

#### 6.4 Reference to other sections

For personal protection see section 8.

### **SECTION 7: Handling and storage**

### 7.1 Precautions for safe handling

| Advice on safe handling | : Avoid exceeding the given occupational exposure limits (see section 8). |
|-------------------------|---------------------------------------------------------------------------|
|                         | Do not get in eyes, on skin, or on clothing.                              |
|                         | For personal protection see section 8.                                    |

### **SECTION 8: Exposure controls/personal protection**

#### 8.1 Control parameters

### **Occupational Exposure Limits**

Contains no substances with occupational exposure limit values.

#### 8.2 Exposure controls

#### Engineering measures

Maintain air concentrations below occupational exposure standards. Ensure adequate ventilation, especially in confined areas.

| Personal protective equipme | nt |                                                                                                                                                                                                   |

### 9.2 Other information

No data available

### **SECTION 10: Stability and reactivity**

#### 10.1 Reactivity

No dangerous reaction known under conditions of normal use.

#### 10.2 Chemical stability

The product is chemically stable.

#### 10.3 Possibility of hazardous reactions

Hazardous reactions : Stable under recommended storage conditions.

according to Regulation (EC) No. 1907/2006, as amended by Commission Regulation (EU) 2020/878

## Icosit® KC 340/65 Part A

Revision Date: 03.04.2025 Date of last issue: 13.06.2023 Version 5.0

Print Date 03.04.2025

### STOT - single exposure

Not classified due to lack of data.

### STOT - repeated exposure

Not classified due to lack of data.

### Aspiration toxicity

Not classified due to lack of data.

### 11.2 Information on other hazards

### **Endocrine disrupting properties**

Not classified due to lack of data.

### Product:

Assessment

: The substance/mixture does not contain components considered to have endocrine disrupting properties according to REACH Article 57(f) or Commission Delegated regulation (EU) 2017/2100 or Commission Regulation (EU) 2018/605 at levels of 0.1% or higher.

### **SECTION 12: Ecological information**

#### 12.1 Toxicity

No data available

#### 12.2 Persistence and degradability

No data available

#### 12.3 Bioaccumulative potential

No data available

#### 12.4 Mobility in soil

No data available

### 12.5 Results of PBT and vPvB assessment

### Product:

Assessment

: This substance/mixture contains no components considered to be either persistent, bioaccumulative and toxic (PBT), or very persistent and very bioaccumulative (vPvB) at levels of 0.1% or higher..

#### **12.6 Endocrine disrupting properties**

#### Product:

### 14.6 Special precautions for user

The transport classification(s) provided herein are for informational purposes only, and solely based upon the properties of the unpackaged material as it is described within this Safety Data Sheet. Transportation classifications may vary by mode of transportation, package sizes, and variations in regional or country regulations.

### 14.7 Maritime transport in bulk according to IMO instruments

Not applicable for product as supplied.

### **SECTION 15: Regulatory information**

### 15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture

International Chemical Weapons Convention (CWC) : Not applicable Schedules of Toxic Chemicals and Precursors

- registered by our upstream suppliers, and/or

All substances contained in our Products are

- registered by us, and/or
- excluded from the regulation, and/or
- exempted from the registration.

| REACH - Restrictions on the manufacture, placing on<br>the market and use of certain dangerous substances,<br>mixtures and articles (Annex XVII) | : | Conditions of restriction for the fol-<br>lowing entries should be considered:<br>Number on list 3 |
